Pur-Eco

For eco-certified
professional cleaning

- Highly effective
- Kind by nature

A Solenis Company

Pur-Eco For eco-certified professional cleaning

Go Green

- You want to 'green your cleaning' but you don't know where to start...?
- You want to be sure that the products you use are eco-friendly...?
- And you want to clean 'responsibly', without losing on performance and efficacy...?

That is easier than you think. You do not need to be an environmental expert or chemist 'to buy and act green'. Diversey created Pur-Eco for you.

Pur-Eco brings you...

- Trusted, highly effective, 'green' cleaning
- A safe and healthy work environment
- Eco-label certification as a guarantee of reduced environmental impact and use of less hazardous substances
- Cost-efficient products, with minimal impact on the environment and low packaging waste

The Pur-Eco Advantage - *Naturally effective*

Choosing Pur-Eco means first of all a choice for Diversey and our global commitment to finding safe, healthy and environmental sustainable solutions for all customers, based on a sound, scientific product lifecycle approach.

Pur-Eco also means a choice for a unique, trusted match between cleaning efficiency, and respect for the environment.

The Pur-Eco products meet the strict environmental and safety criteria of the internationally recognized European Ecolabel and/or Nordic Swan Ecolabel and are certified as a clear proof of their environmental qualities.

Their efficacy is guaranteed by rigorous customer testing, and is based on Diversey's expertise and many years of experience in developing environmental friendly and sustainable products and solutions.

Our Sustainability Commitment

The Diversey Commitment

We are proud of our century long heritage of environmental stewardship, and our continued commitment to the highest standards of sustainable development in all our operations.

Our leading products, systems and award winning innovations prove that everything we develop and produce is designed with health and safety and environmental responsibility in mind.

We work with strict policies and standards on the choice of raw materials and production processes and we continually look for ways to reduce our environmental footprint. Our R&D and production facilities are ISO 9001, 14001 and OHSAS 18001 certified.

We apply sustainability thinking at all phases of the product life-cycle, from design to manufacture, to use and disposal.

Diversey was the first company in the professional cleaning & hygiene market that joined and was certified against the voluntary and independently audited Charter for Sustainable Cleaning of A.I.S.E. (International Association for Soap, Detergents and Maintenance Products).

The EU Ecolabel

Established in 1992 and recognised across Europe and worldwide, the EU Ecolabel is a label of environmental excellence that is awarded to products and services meeting high environmental standards throughout their life-cycle: from raw material extraction, to production, distribution and disposal. The EU Ecolabel promotes the circular economy by encouraging producers to generate less waste and CO2 during the manufacturing process. The EU Ecolabel criteria also encourages companies to develop products that are durable, easy to repair and recycle.

www.ecolabel.eu

The Nordic Swan Ecolabel

The Swan is the official eco-labelling system common to the entire Nordic region, introduced by the Nordic Council of Ministers in 1989, and updated every three years. It sets strict criteria for a product's environmental impact and can also place requirements on quality and function.

Swan verifies that the products fulfil all criteria through testing at independent laboratories, certification and documentation. Diversey have been selling Swan certified products in the Nordic region for more than 10 years.

A Solenis Company

Diversey's purpose is to protect and care for people every day. Diversey has been, and always will be, a pioneer and facilitator for life. We constantly deliver revolutionary cleaning and hygiene technologies that provide total confidence to our customers across all of our global sectors, including: cleaning products, systems and services that efficiently integrate chemicals, machines and sustainability programs. This makes us unique among leading global hygiene and cleaning companies. Everything we do has our customers' needs at its heart and is based on the belief that cleaning and hygiene are life essentials.

With over 95 years of expertise, we safeguard our customers' businesses, contributing to productivity improvements, lower total operating costs and brand protection. Diversey is headquartered in Fort Mill, SC, USA.
