

Room Care R1-plus Pur-Eco

Daily toilet bowl & urinal cleaner - concentrate

Introduction to Room Care

Room Care is the unique globally available all encompassing solution for your guest room maintenance including chemicals, tools and methods to cover any room cleaning needs, adapted to any hotel size and housekeeping structure.

Superior formulations adapted to deal effectively and safely with all the cleaning and disinfection requirements of housekeeping, easy to recognise product names as well as colour coding throughout the system, a set of dedicated cleaning tools, accessories and machines make Room Care the perfect choice. Room Care range is the solution of choice when combining performance, user safety and environmental responsibility. All our Room Care formulations are compliant with the strictest regulations.

The Room Care formulations used at low dilutions limit the use and disposal of chemicals into the environment.

Diversey's expertise, environmental commitment and certification against ISO 9001, ISO 14001 and the AISE Charter for Sustainable Cleaning provide further guarantee of quality and efficacy.

Product description

Room Care R1-plus Pur-Eco is a concentrated cleaner for the daily toilet bowl and urinal cleaning. To be used only with Divermite/ DQFM dosing and dilution system.

Room Care R1-plus Pur-Eco has been formulated with surfactants derived from natural vegetable sources to minimise the impact on the environment and ensure a safer use.

Key properties

- Citric acid-based formulation
- Light, delicate and fresh fragrance
- Uses unique and environmental friendly pouch technology
- Fulfils EU-Flower criteria

Benefits

- Ideal for daily use
- Effectively removes stains and deposits from toilet bowls and urinals
- Regular use hinders lime scale built-up
- Handy squeezable bottle with directional spout for fast and easy application
- Colour and alphanumeric coded to prevent application mistakes

Room Care R1-plus Pur-Eco

Use instructions

Dosage: When using with Divermite Room Care Dosing Unit, fill keyed Room Care R1-plus Pur-Eco 300ml application bottle with water to the fill line. Push the Divermite dispenser twice to dispense 30mls of product. Securely screw on the cap. Ensure the nozzle is closed and gently shake the bottle to mix the product.

For light soiling use 1 push (15ml).

When using with a DQFM dilution dispenser unit, fill the Room Care R1-plus Pur-Eco spray bottle (300ml or 750ml) to the fill level mark directly from the DQFM dispenser. Securely screw-on the cap.

Application

Flush the toilet bowl or urinal. Lower water level using brush. Gently squeeze the application R1 bottle to direct product under the rim, around the bowl and onto water flush paths. Distribute with toilet brush. Allow at least 5 minutes contact time, use a brush or sponge pad to remove difficult stains, then flush to rinse.

NB: Between refills, rinse out bottle with clean water.

For more detailed application, please refer to Room Care R1-plus Pur-Eco Mini Guide.

Product Compatibility

Important: Do not use on acid-sensitive surfaces, e.g. enamel, marble, grouting. Immediately remove any drops or splashes from acid-sensitive surfaces and rinse with water. Do not mix with bleach or other cleaning products. Test material compatibility in a small, inconspicuous place before use. Do not use with other dilution systems or methods. Do not use undiluted.

Technical data			
Appearance	clear, light blue	pH-value neat	< 2
Relative density (20°C)	1.18 g/cm ³
