

Room Care R3-plus Pur-Eco

Multi-Surface / Glass Cleaner - concentrate

Introduction to Room Care

Room Care is the unique globally available all encompassing solution for your guest room maintenance including chemicals, tools and methods to cover any room cleaning needs, adapted to any hotel size and housekeeping structure.

Superior formulations adapted to deal effectively and safely with all the cleaning and disinfection requirements of housekeeping, easy to recognise product names as well as colour coding throughout the system, a set of dedicated cleaning tools, accessories and machines make Room Care the perfect choice.

Room Care range is the solution of choice when combining performance, user safety and environmental responsibility. All our Room Care formulations are compliant with the strictest regulations.

The Room Care formulations used at low dilutions limit the use and disposal of chemicals into the environment.

Diversey's expertise, environmental commitment and certification against ISO 9001, ISO 14001 and the AISE Charter for Sustainable Cleaning provide further guarantee of quality and efficacy.

Product description

Room Care R3-plus Pur-Eco is a concentrated solvent based cleaner for the streak-free cleaning of glass, mirrors and other water resistant hard surfaces. To be used only with Divermite/DQFM dosing and dilution system.

Key properties

- Highly effective, pH-neutral
- Dries quickly without streaking
- Light, delicate and fresh fragrance
- Uses unique and environmental friendly pouch technology
- Fulfils EU-Flower criteria

Benefits

- Easy spray-on, wipe-off action
- Rapidly removes oily soils and finger-marks
- Leaves a pleasant scent behind
- Colour and alphanumeric coded to prevent application mistakes

Room Care R3-plus Pur-Eco

Use instructions

Dosage:

When using with Divermite Room Care Dosing Unit, fill keyed Room Care R3-plus Pur-Eco 300ml application bottle with water to the fill line. Push the Divermite dispenser twice to dispense 30mls of product. Securely screw on the trigger spray. Ensure the nozzle is closed and gently shake the bottle to mix the product.

For light soiling use 1 push (15ml).

When using with DQFM dilution dispenser unit, fill the Room Care R3-plus Pur-Eco keyed Room Care application bottle (300ml or 750ml) to the fill level mark, securely screw on the trigger spray.

Application

Spray a small quantity of Room Care R3-plus Pur-Eco onto a soft, lintfree cloth/paper towel and wipe the surface clean. Ideal to be used with TASKI Microfibre cloth. Buff with a dry cloth/paper towel for extra shine.

NB: Between refills, rinse out bottle with clean water.

For more detailed application, please refer to Room Care R3-plus Pur-Eco Mini Guide.

Product compatibility

Do not use on water-sensitive surfaces, e.g. wood. Test material compatibility in a small, inconspicuous place before use. Do not use with other dilution systems or methods. Do not use undiluted.
